

Name: Allison R. Deming

Course: IST 718 Big Data Analytics

School: Syracuse University iSchool

SUID Number: 394248454

Required Tools: Python, Anaconda

Short Description: This was a homework project on the pay of college football coaches, using data analysis and advanced data visualization to explain what a coach would do in different divisions. Mainly, we looked at the Syracuse College Football Coach and his possible other salaries, where he was to make a move across conferences in college football.
